

Absent Friends

Jimmy. Markie. Vicky. Sally. Tom. Jack. Marian. Their friendships are strong, and their futures bright until one shattering night that changes everything. Two of the friends will die young. The others will be left to pick up the pieces in the shadow of a past that still echoes with hopes and regrets. And one Jimmy, a firefighter will die a hero twenty years later when the Twin Towers fall. But it is the suicide of a reporter and a colleagues search for answers in the aftermath of a horrifying tragedy that will finally penetrate their silence. . . . For as the story of that night begins to unwind, a tangle of secret relationships and personal demons is exposed until the truth erupts with stunning force.
