

Across the Table (Center Point Premier Fiction (Large Print))

For three generations of Dante women, food means love...From her restaurant on Boston's Salem Street, and from her own kitchen, Rose Dante has served countless meals and built a tightly knit community of customers, family and friends. Her daughter Toni tried to create her own life, outside that circle--only to return with her daughter when her marriage failed. Now that Vanessa's nearly grown, Toni must face the bitterness of the past in order to taste the sweetness of the future. But she can't make such a journey alone. She needs the guidance of a mother, of her family. She needs Rose's recipes for happiness, learned by trial and error over sixty years of marriage. Recipes that are sometimes difficult to follow, but like the perfect risotto al limone, are worth the effort. An unforgettable story of family and forgiveness, loyalty and love.
