

## Anal Girl

Though she leads a high-level lifestyle with her successful lawyer boyfriend, a horny young beauty becomes depressed and restless and begins to dream of fantasies of anal sex. She embarks on a dream journey of wild sexual encounters with partners of both sexes in her quest for the ultimate orgasm - discovering insights about fantasy and sexuality she had never known existed - and in so doing finds glorious, shattering release from the shackles of inhibition. [XXX-rated explicit sexual situations; anal, girl-girl, anilingus, fellatio, cunnilingus, female masturbation] EXCERPT: I watched as Taylor lay there with her legs spread. The longer that she remained stretched out on her back, the wilder the expression of excitement that she wore on her face. Her eyes rolled as she kept staring at me, and eventually she reached down with her right hand, allowing her fingers to work their way inside of her vagina. Ohhh, just looking at you turns me on, Taylor sighed. You have such a beautiful body, my darling. Ohhh, just looking at you turns me on, Taylor sighed. You have such a beautiful body, my darling. Ohhh, I love staring at it. What a gorgeous body. This is what's inspiring me.--An enticing narrative as told in the first person, leaving no stone unturned in its carnal intensity. - Erotica Review Monthly
