

Have you ever wondered if there is a pot of gold at the end of the rainbow? Join Redd, the Rainbow Caretaker, as he sets out to prove if there is - - or is not. Feel Redd's freight as he explores three mysterious caves in order to find a sinister crystal. Is it true the crystal has the power to kill? Can it be found in the first cave full of snarls, hisses, and growls? Is it in the second cave, dripping with invisible, clinging, webs. Or can it be found in the third cave where a candle lined altar is found? How does all this make sense in Redd's journey to find if there really is a pot of gold at The End Of The Rainbow.?
