

Babygirl

Life hasn't been easy for Babygirl. She's seen and done her share of dirt. Raised by an overprotective mother, who was willing to go to no ends including kill or be killed for her precious daughter, was just one of many reasons Babygirl became the queen of the streets. Babygirl developed the attitude that what she wants, she gets. Dancing in strip clubs, leading the rich to her love nest and then crying rape- to running credit card, and money scams, Babygirl is making things happen by any means necessary. While the streets have hardened Babygirl, underneath that tough exterior, the hustler/stripper/scam artist really wants to make a change. But by the time she figures out how to make that happen, Babygirl will see getting out of the game isn't easy. Especially when you've crossed the notorious drug dealing family, the St. Louis Black Mafia, and the ice-cold, ex-cop, strip club owner, Stevie Brown. Between Uncle Shabazz a heroine addict white wanna-be black scam artist, and Uncle Ben a drunk street psychologist, and a host of colorful characters, Babygirl comes to realize that getting money doesn't mean anything if you can't use it to help the less fortunate.
