

Liverpool Connection

Oh Danny Boy, the pipes, the pipes are calling... Annie sang quietly, holding Dereks baby blue cardigan and trying to detect a familiar smell. The same cardigan he was supposed to wear at his christening. Annie and her friends leave Ireland in 1926 young and optimistic, hoping to find a better life in Liverpool. Only things do not turn out the way they had imagined. Annie falls in love, marries and starts a family of her own. But with the onset of World War Two comes tragedy and loss, testing Annies strength to the limit. Little does she realize that the salvation of her loved ones lies partly with a German woman named Hilde, whose life and situation mirrors Annies own. Liverpool Connection is the second book of a trilogy and is based on a true story. The first book, The Night I Danced with Rommel, tells Hildes story. The books are historical novels based on facts and tell the writers family history.
