

## Scandinavian Politics Today 2nd edition

This fully revised and updated second edition of \*Scandinavian politics today\* describes, analyses and compares the contemporary politics and international relations of the five nation-states of Denmark, Finland, Iceland, Norway and Sweden and the three Home Rule territories of Greenland, Faeroes and Aland that together make up the Nordic region. Thirteen chapters cover Scandinavia past and present; parties in developmental perspective; the Scandinavian party system model; the Nordic model of government; the Nordic welfare model; legislative-executive relations in the region; the changing security environment and the transition from Cold War security threats to the security challenges of today; and a concluding chapter looks at regional co-operation, Nordic involvement in the European project and the Nordic states as moral superpowers. The book will be of interest not only to students of Scandinavia but to those wishing to view Scandinavian politics and policy-making in a wider comparative perspective.
