

[#350 Siren Menage Everlasting: Erotic Paranormal Menage a Trois Romance, M/F/M, werewolves] Mai isn't impressed when she discovers her friend has set her up on a surprise blind date, but a bad date is the least of her worries. She is about to discover that humans aren't the only predators walking the streets of Toronto. Now, Mai faces two choices—returning to her safe world alone or standing up to not one but two of the most dominant men she has ever met. Twin werewolves, Vencel and Gaspar, escaped their war-torn homeland and discovered a new home in the wilds of Algonquin Park. They never expected to find their mate in a fragile, human woman. Convincing her of their true natures proves harder than they anticipated, especially now that an old enemy has found them and is threatening to destroy their new home and family. ** A Siren Erotic Romance
