

## Flowers in the Snow (Bettys Book): The Edenville Series, Book 1

Remembering the past can be like buying a return ticket for a train you aren't sure you want to board. Rocking away on her peaceful front porch, Betty Grafton receives sad news which forces her to relive the darkest moments of her life. Surrounded by her family, a captive audience hanging onto her every word, she weaves the tale of how an unlikely and controversial friendship shaped her into the woman she is today. Exposing her own mistakes, fears, and soul-deep heartbreak, Betty shares the hard truth about growing up in the South in the 1960s. Though the years have blown by with hurricane force, the ache in her heart feels fresh. The threat of harm still chills her to the core. Yet the joy of friendship continues to sustain her.
