

Stryker (Volume 1)

Jill was a career Navy pilot. Her entire life revolved around the cockpit of her F-14 and her best friend Ramsey. She wasn't ready for what life had in store for her. While at The United States Naval Academy her life was given a jolt when she met Sarah Hardin. 6 years later her world was shattered and she thought she would never recover. At 36 years old, she must make decisions that will affect not only her life, but the lives of her best friends. She must learn to trust and love once again. But will lies and secrets keep her from it?
