

## IRIS I love you, but... (Volume 1)

Book 1 of 2 Just because it hasn't happened, it does mean it won't. No one trusts the taxman. Walter, whose political antennae are particularly sensitive, feels the intention of the governing party's leadership changing. A plethora of new taxes are creeping into their agenda. Is the new increasingly draconian tax regime for the good of the country or purely for their own political expedience? Walter who spent all his life working for the tax department only now really grasps his connection with the ruling political party. Stella, even with all the disappointments in her life, sticks rigidly with her political beliefs. There is no doubt at all that her loyalty has been to the detriment of her own life. Joseph a care free sort of guy, who has no political allegiances, is just looking for a worthwhile job and a good upbringing for his son Rocky. When the personas of Walter, Stella and Joseph collide it is like a chemical reaction with the result that a new paradigm is born.
