

Elephant

Elephant is brave and bold debut collection of poetry by writer, poet and performer Siana Bangura exploring a wide range of subjects from womanhood, Black Feminism, racism, and identity to gentrification, changing urban landscapes, and love inhibited by patriarchal norms. No stone is left unturned. The elephant in the room is finally confronted. Bangura does not shy away from dealing with even the most taboo of subjects with a brave, bold and candid approach. Siana Bangura is a writer and poet hailing from South East London via Freetown, Sierra Leone.
