

## Its the Climb: A Book of Poetry

Its the Climb is a 20+ year journey through my life. Written with a lot of emotion and pain, but fond memories too. Its about my loves and loss of loved ones. About being a soldier and what that means. About the stranger things that happen in life that make me laugh. I put this together to share with others that they arent alone. To start on a dream of my and to never look back.
