

Delta Gold : A Delta Jade Novel

The second novel in Michael Cravatt's Delta Jade Collection, *Delta Gold* finds Jade Colton and her handsome lover, Jasen Prospero, still running for their lives. After discovering a stash of documents that had been hidden for many years inside a strange, stuffed Venezuelan rooster, Jade and Jasen are in the possession of secrets that may reach far beyond their small Southern town secrets that their mysterious pursuers will go to any lengths to recover. In deciphering the papers, they not only uncover a criminal web that extends to an anonymous US senator, they also discover that Jade's ancestor Chief Leflore may have known where a legendary cache of gold was buried over a hundred years ago. Bridging the nineteenth century and modern-day times, *Delta Gold* stacks mystery onto history as Jade and Jasen embark on a deadly treasure hunt that is somehow tied to all the underhand dealings that hide just beneath the surface of life in Greenwood, Mississippi. But even as they fight for the truth and their very lives, Jade discovers something about Jasen that may end their love forever. A gripping journey into the heart of the Deep South, *Delta Gold* will keep you guessing until the very last page.
