

## From Tennessee to the Taj Mahal: Romantic India Series #1

Let this book take you on a wild and exciting travel adventure to both ancient and modern India! When Sonia and Clara Mae win a free trip to India, they find romantic excitement and comedic fun! They meet people who feel like old friends, including Raj, a magnetically attractive guide with dreamy eyes. Sonia Swanson, originally from South Dakota, has had problems getting along with her mother-in-law who is still obsessed with the Civil War. Also Sonia cant figure out why her husband, Carl, has turned into such a cold fish and ignores her. Sonia has been working as a Healing Touch energy healer. She takes for granted that she will always be in control even though she is ultra-sensitive to unusual situations. While in India, realistic visions of her past life there start to haunt her. When her guide, Raj Kumar, introduces himself, sparks fly. When Sonia and Raj look into each others eyes for the first time, the trouble begins.
