

Whisky Charlie Foxtrot

Whisky and Charlie are identical twins. But everything about them is poles apart. It's got so bad that Charlie can't even bear to talk to his brother anymore - until a freak accident steals Whisky from his family, and Charlie has to face the fact he may never speak to his brother again. This is a book about making mistakes and facing up to them, and a book about forgiveness and love. Whisky Charlie Foxtrot is a marvellous family drama, with depth, substance, humour, an intriguing structure, and a big heart.
