

## Never to Keep (Accepting Fate Book 1)

Strangers meet in a hotel bar. For a few stolen hours they pretend all is right in their worlds. Madison Miller is broken. Nearly everyone she's loved throughout her life has left her. Now, she's desperate to feel something other than the pain of her most recent loss, even if it's only for one night. Sawyer Ramsay is jaded. After witnessing his younger brother marry a woman no one can stand and years of watching his older brother's disastrous experiences with women, the last thing he wants is a relationship. Almost a year later, fate will have the strangers crossing paths once more. Can this strong, caring woman with a complicated life convince this disillusioned man to believe in love? Will passion and desire turn into something strong enough to surmount all of life's obstacles, or will the fear of heartache and overwhelming responsibility force Madison to accept Sawyer was never to keep? **WARNING:** This is an adult romance novel and is not intended for anyone under the age of 18.
