

Bahotep and the Stone of Edyn

Where the waters of truth flow through the tree of life, the fruit of wisdom grows. The gods of the ancient world had a powerful secret, known only by the devoted priests who proclaimed their will to the masses. Yet, hidden beneath the tireless sand was something even more powerful; a lost remnant of the mystical garden that grows at the heart of Creation. This is the story of Bahotep, an unfortunate soul, haunted by the darkness and enslaved by fear. He is torn from his family and delivered to a devious taskmaster who craves the immortality and power of the gods. In defiance of fate, Bahotep desperately searches for a path to life beyond death, to save the ones he loves. All seems hopeless until he finds the forgotten remnant of the ancient garden, buried in the desert. As the great power he holds in his hands is revealed, he learns of the gods powerful secret and finds a path to freedom from darkness and fear. Lose yourself in the pages of this vivid and compelling saga, and join Bahotep as he discovers the great power that lies at the heart of Creation.
