

Extraction: (Reaction Book 2)

This is a follow up short story to REACTION, set in the same time-line. Approximately 11k words. Marcel's world is torn asunder with the discovery that his lover, Marika, has been murdered. Worse, he's now lost favour with his master, who suspects him of aiding a French Agent. With his own life in danger he needs to get out fast and lie low. But with few places to go and even fewer friends to help him, he finds himself back where he started. Only this time he's the one holding the gun.
