

## The Assassin Evolves (The Irrevocable Change Trilogy Book 2)

The gnawing in my gut and the irritation with people around me says Ive gone too long without a fix. I desperately need the hunt and the kill to satiate my emotional craving. The smell of cordite, the sight of death and the completion of a successful hit thrill me like no other high. Growing success in my public business brings me into contact with Chicagos elite, the movers and shakers of the Windy City. Some ask my advice, others beg to crawl into my bed. And yet, none of them understand me or have a clue as to who and what I truly am. And then theres the constant threat of the real me being discovered and disowned by friends and family. I am the assassin.
