

The Town: A Novel of the Snopes Family

This is the second volume of Faulkners trilogy about the Snopes family, his symbol for the grasping, destructive element in the post-bellum South. Like its predecessor, The Hamlet, and its successor, The Mansion, The Town is completely self-contained, but it gains resonance from the other two. The story of Flem Snopes ruthless struggle to take over the town of Jefferson, Mississippi, the book is rich in typically Faulknerian episodes of humor and of profundity. As an added bonus, when you purchase our Audible Modern Vanguard production of William Faulkners book, youll also get an exclusive Jim Atlas interview added to your library.
