

Twisted Triangle 3

Amp is alive and well but now it may be Nicole who has taken her last breath. Part 3 of this twisted tale picks up where part 2 left off with even more twists and a few more enemies. Amp is embarking on the search of his life to rescue his family from the clutches of his once right hand man. Just when he thinks hes too late a glimmer of hope shines bright. The question is if hes able to save her can she forgive him for what she believes was betrayal? Chris and Kiya have narrowly escaped the clutches of being captured and they have a new addition to their so called family. With the help of Marshawn, they disappear and no one seems to know where they are until a secret about Chris makes Marshawn question his loyalty. Will they make to see another day or have they had all the fun their going to have? Nicholas has done everything in his power to protect his kids but when someone from his past is dead set on revenge and willing to make anyone close to him pay will he see it coming? Or will a ghost from his past gain the upper hand? Hold on to your seats as this Twisted tale takes you for another ride.
